

DAFTAR ISI

Implementing Class Wide Peer Tutoring to Enhance Students' Mathematical Reasoning Ability in Understanding Absolute Value Equations and Inequalities	1-12
Ega Gradini, Firmansyah B, Septia Wahyuni, Meri Mailinda	
The Effect of Learning Styles on Students' Mathematical Communication Ability	13-21
Tahir	
Students' Communication Skills In Solving Mathematical Literacy Problems Based On Mathematical Abilities	22-35
Ilmus Samawati, Ika Kurniasari	
Sapi-Sapian, Contextualizing Mathematical Concepts Through Cultural Tradition	36-47
Widyasari, Rachmaniah Mirza Hariastuti	
An Error Analysis of Students' Difficulties in Differential Calculus.....	48-60
Meiliasari, Dwi Antari Wijayanti, Laely Astafiani Azima	
Comparison of WhatsApp and Google Classroom Group Online Learning Models to Student Learning Outcomes	61-73
Eka Susilowati	
The Development of Euclid Geometry's Teaching Materials Based on KKNi to Improve Students Cognition Analysis and Deductive Reasoning Abilities	74-82
Dwi Antari Wijayanti, Pinta Deniyanti Sampoerno, Qorry Meidianingsih	
Maple 13 Assisted Problem Based Teaching in Vector Calculus Course	83-91
T. Tutut Widiastuti A, Rahayu Kariadinata	
Student's Critical Thinking Ability in Algebra Material using Process Oriented Guided Inquiry Learning (POGIL)	92-104
Nia Kurniati, Dwi Ivayana Sari, Enny Listiawati	
A Preliminary Study: Why Develop High Order Thinking Skills Worksheets Based on the 3N	105-117
Fitria Sulistyowati, Esti Harini	
Problem Based Learning On Literacy Mathematics: Experimental Study in Elementary School	118-128
Via Yustitia, Moch Farhan, Rarasaning Satianingsih	
Use of Microsoft Teams and Youtube in the Application of E-Learning to Improve Student Learning Outcomes in Three-Dimensional Material.....	129-136
Wahyu Sugiarto	
Students' Cognitive Process In Problem Solving On Pattern Materials Reviewed From Math Anxiety	137-150
Muhammad Nanang Ferdiansyah, Rooselyna Ekawati	
The Influence of Contextual Approach on the Mathematical Understanding and Communication Abilities as Seen from Students' Initial Mathematical Abilities	151-158
Siti Maryam Sari, Hepsy Nindiasari, Cecep Anwar Hadi Firdos Santosa	
Development of Mathematic Learning Set Based On Pedagogical Content Knowledge to Improve Mathematics Problem Solving Ability.....	159-170
Ibut Priono Leksono, Sri Rahmawati Fitriatien	
Improve Creative Thinking Ability of Vector Material Through Problem Posing Type Pre Solution Posing at SMAN 3 Semarang.....	171-180
Tri Martini Nuhariyani (Author)	

Analysis of Students' Understanding of Mathematical Concepts in Solving Comparative Problems .	181-188
Hafifah Debby Puspithasari, Heni Pujiastuti	
Anticipation of Student Ideas In Designing Sierpinsky Square Batik Using Maple	189-200
Erfan Yudianto
